

SPONSORSHIP & DONATION REQUEST

The Gas Stop proudly supports local charities whenever it can.

However, most of our major financial sponsorships are projected two years out, and product or coupon donations require a minimum of three weeks notice.

In addition, organizations in which our employees or related parties are involved with will get priority for allocations of finance, products or services.

Please fill out this form to request sponsorships or donations. In addition, please attach a brief description of the request on your organization's letterhead, including:

- a. whether the request is a new project, an ongoing program, or general operations funding
- b. other agencies already providing this service
- c. the expected results, including who will benefit, how they will benefit, and how this will be measured
- d. the organization's need and how the request meets identified needs not already met by other funding sources

Include all deadlines or timetables for implementing and evaluating the project, as well as the project's budget. Other sources of financial support and amounts of funding pledged or received should be included.

Mail to: I-90 Fuel Services Inc., PO Box 1025, Sioux Falls, SD 57101

Organization's Name: _____

Organization's Address: _____
